RFLock 1500

NEW RF SYSTEM

No Mechanical Reader Components Equals Guaranteed Card Reads!

RFLock System for
High Security Areas
Hotel
Dorm
Office Building
Commercial
Campus

SUPERIOR BY DESIGN

BeLine's RFLock 1500 is an advanced RF lock system for high security areas, hotels, school dorms and office buildings. The RFLock 1500 allows any front desk or security center to quickly and easily issue cards for access to rooms, gyms, pools and other types of limited access areas. The RFLock 1500 is the most advanced locking system that uses no moving parts to read cards. This guaranteed reliability when reading cards is innovative and cost effective. The RFLock 1500 system uses a Front Desk Control System software that runs on a Windows Operating System. The RFLock 1500 is mechanically sound and solid by design to guarantee the reliability that all facilities require. The RFLock 1500 by default includes a high quality mortise. The RFLock 1500 body is designed with a sleek brushed stainless nickel color finish that is attractive on all door finishes.
