

RFLock 1500-R

**NEW RF SYSTEM
NO PROGRAMMER REQUIRED**

**ENROLL ALL KEYFOBS AT
THE DOORLOCK!!!**

SUPERIOR BY DESIGN

BeLine's RFLock 1500-R is an advanced RF lock system for high security areas, residential, small office, and home office. The RFLock 1500-R allows for small installations to use electronic doorlocks without the need to buy expensive card programmers. All keyfobs are enrolled directly at the RFLock 1500-R. Keyfobs can be enrolled at various locks to create multiple entries with one keyfob. The RFLock 1500-R is the most advanced locking system that contains no moving parts to read cards. This guaranteed reliability when reading cards is innovative and cost effective. The RFLock 1500-R is mechanically sound and solid by design to guarantee the reliability that all installations require. The RFLock 1500-R by default includes a high quality mortise. The RFLock 1500-R body is designed with a sleek brushed stainless steel finish that is attractive on all door finishes.
